The Nord Center welcomes NAMI Lorain County

NAMI, National Alliance on Mental Illness, has a permanent presence at The Nord Center. As of November 13, 2013, NAMI now occupies two offices at The Nord Center's South Broadway location. As the nation's largest grassroots mental health organization dedicated to building better lives for the millions of Americans affected by mental illness, NAMI advocates for access to services, treatment, support and research and is steadfast in its commitment to raise awareness and build a community of hope for all of those in need.

NAMI Ohio's network of 55 local affiliates plays an active role providing support, education, and advocacy on a local level. NAMI Lorain County is represented by local volunteers and one staff member, and is governed by a Board of Trustees and supported by its members and the Lorain County Board of Mental Health.

The collaborative partnership between The Nord Center and NAMI spans many years and includes joining forces on advocacy and prevention efforts, grant writing, treatment referrals, program development and community-wide strategic planning initiatives that have greatly impacted families in Lorain County.

The addition of NAMI representatives at The Nord Center strengthens the continued efforts towards the treatment of mental illnesses and quality of life improvements for all those whose lives are affected by these diseases.
