The Nord Center Announces Donation of Land

The Nord Center, Lorain County's premiere community mental health service provider, announces the generous donation of a more than 163 acre parcel of land located in Sheffield Village to its parent organization, Norcare Enterprises.

Spokesman for the family, Robert Gary, said that the family wanted to support the important work of The Nord Center, while also recognizing the contributions of the Gary brothers, Dave, Frank and Si, to the community.

In the most recent fiscal year, The Nord Center served over 7,000 clients, including over 500 children, and fielded over 16,000 emergency / crisis calls.

The Nord Center gratefully acknowledges the generous support of the Gary family in helping to further its mission of providing comprehensive behavioral healthcare services that are culturally competent and evidence-based, and that promote recovery, dignity and well-being for our clients, their families and the community we serve.
